# WELCOME TO OUR OCEAN FRONT INN

Rhythm of the Sea, a boutique oceanfront Inn, where we offer the perfect blend of convenience, comfort and romance surrounded by the sparkling waters and white sand beaches of the Mid Atlantic and the historic Victorian Village of Cape May, New Jersey.

Architecturally inspiring and in keeping with the Arts and Crafts Movement aesthetic, we have decorated our Swiss Chalet-style bungalow with L. & J.G. Stickley Furniture and mission-style accessories. The simplicity of the spacious interior is refreshing and therefore relaxing.

Food, glorious food, is what everyone raves about when they stay at Rhythm of the Sea and it is served up daily at breakfast prepared by German born chef, Wolfgang. Perhaps spend a night away from the madding crowd and have a private dining experience right here at the inn. Feed your senses and explore great tastes as we bring you modern food with a casual charm and a sunny attitude.

We invite you to come and savor our sumptuous meals, peaceful privacy and 'gemuetlichkeit' during gatherings on our sunny porches or by a cheering fire in our Grand Salon.

We look forward to greeting you soon,  
Robyn & Wolfgang Innkeepers and Chef
